APPROVAL OF STATE ENGINEER

This is to certify that I have examined the foregoing application, and do hereby grant the same, subject to the following limitations and conditions:

This permit is issued subject to all prior rights on the source.

The State reserves the right to regulate the use of the water herein granted at any and all times. A standard headgate and weir must be installed at or near the point of diversion in order to facilitate the measurement and control of water.

The amount of water to be appropriated shall be limited to the amount which can be applied to beneficial use, and not to exceed Two & $\frac{1}{2}$ ($2\frac{1}{2}$) cubic feet per second.

Actual construction work shall begin on or before August 25, 1915.

Proof of commencement of work shall be filed before September 25, 1915.

Work must be prosecuted with reasonable diligence and be completed on or before November 25, 1916.

Application of water to beneficial use shall be made on or before January 25, 1921.

Proof of the application of water to beneficial use must be filed with State Engineer on or before February 25, 1921.

Map filed NOV 14 1914

Proof of labor filed OCT - 3 1915

WITNESS MY HAND AND SEAL this 25th day of June, 1915.

Cancelled Jun 9 1919 because of failure of applicant to comply with provisions of permit.

J. G. Scragham

State Engineer.
